THE BLOCKADE CONTINUES

Sampson's Fleet Concentrated Ten Miles Off Morro

"OLD NAN" STAY WILMINGTON

It Is Not Improbable That The Bombardment of Matanzas Will Be Repeated.

By Wire to THE TELEGRAM.

Washington, May 2—The latest news from the scene of conflict at Manila through unofficial but what is generally trustworthy sources is that the bombardment of the city began this morning. During such activity the British consul went out to the flagship and interviewed Admiral Dewey to see what terms could be made for surrender, and assumed that he was tacitly empowered to do this by the Spanish authorities, though he was acting ostensibly in the interest of the foreign element, whose personal safety and business operations are put in serious jeopardy by the attack on the city. Such an errand, it is thought, would more likely be deputed to the representative of England than any one else on the theory that the friendship existing between England and the United States would have a powerful influence in procuring a concession and spare the Spanish dignity.

SECRET ORDERS.

Washington, May 2—The cruiser Yale will immediately take on complete armor and will sail under secret orders.

ALL SPANISH REPORTS.

Washington, May 2—Secretary Land has not yet received official advices from the Asiatic station. All the news thus far received is from Spanish sources.

SAN FRANCISCO IN PORT.

Provincetown, Mass., May 2—The cruiser San Francisco dropped anchor near the ram, Katahdin this morning.

COLUMBIA AT PORTLAND.

Portland, Me., May 2—The cruiser Columbia was sighted coming into the harbor this morning.

MINNEAPOLIS SAILS.

Portsmouth, N. H.—The cruiser Minneapolis sailed this morning from here going in a westerly direction.

NANTUCKET REMAINS HERE.

Washington, May 2—The senate finance committee was in session this morning considering the house war revenue measure.

The democratic steering committee has decided upon Senator Horace Chilton, of Texas to succeed Senator Walthall, of Mississippi as a member of the finance committee.

Senator Pritchard, of North Carolina, has arranged with Secretary Long for the revocation of the order giving the command of the Nantucket, now under orders to proceed from Wilmington to Port Royal to South Carolina volunteers. Instead of the original order one has been secured which orders the manning of the Nantucket with North Carolina naval reserves, under Commander Morton, of Wilmington, who is here making the necessary arrangements.

MAY BOMBARD MATANZAS.

On board the flagship New York, May 2—The blockade of Havana continues. The blockading fleet is ten miles off Morro Castle. The cruiser Montgomery and the tug Ocala have just arrived and joined the fleet. The commanders of the various vessels consulted with Rear Admiral Sampson and it is hardly expected any demonstration off Cuba will be made today. It is understood that a movement had been planned but it was prevented by a heavy sea.

A long consultation was held yesterday by the commanders of the fleet and the indication is that a concentrated movement by the fleet is being contemplated.

Those on board the flagship are ignorant of the object of the conference, but it is confidently expected that a bombardment of Matanzas will be repeated. The flagship steamed slowly past Morro Castle without incident. The remainder of the fleet returned to their various stations along the coast. There has been no excitement among the vessels for forty-eight hours, except the chase of the British tramp steamer, Strathde.

Mrs. Bumpass' Illness.

The many friends of Mrs. F. M. Bumpass in Greensboro and throughout the state, will learn with sorrow that her condition to day is more serious than it has been at any other time during her present illness. Her son, who is at Tarboro, was sent for yesterday.

LET'S ALL DO IT.

Close Up and Bid the Young Volunteers God Speed.

Editor Evening Telegram:—On yesterday morning at the various churches in our city, a request was made by Captain Gray for prayer in behalf of the military company which will leave our place tomorrow—Tuesday—for the conflict with Spain. As I heard this request, I could but think what was the attitude of myself, and of every other good citizen, towards these young men, after seriously reflecting as to the full meaning of their going out of our community for the purpose of engaging in mortal combat with a foreign foe.

These men have voluntarily placed their lives upon the altar of sacrifice to their country's honor, and have said "We are willing to die in defense of it!" These young men have grown up in our community, and in the communities adjacent to this; they are the sons of North Carolina; they are the bone, the sinew and the brain, from which some of our best men might be drawn, in the future. They go from us, possibly the majority of them, never to return again. For what purpose? Surely, not for the sum of \$13.00 per month; as there is not a man of them that cannot make more than that by staying at home. The same spirit animates them that moved the hearts of the patriots of Guilford Court House, of King's Mountain, of Chicamauga, and of all the battlefields that this country has left behind as a record of the deeds and daring, and patriotism of our soldiers.

As these young men leave our town tomorrow morning the question arose to my mind what could we do to show our appreciation to them of this act on their part, and I would therefore suggest that every business house in Greensboro, at the hour appointed for these young men to leave tomorrow, close up its doors; that every factory stop its engines; that the schools let out; that a quiet hush fall over the usual vociferations of the day; and that the citizens, en masse, gather at the depot to bid God-speed to these young men who are thus going forth to fight or to die in defense of their country, and their country's honor. This is as little as we can do, it strikes me, in their behalf. As the train moves out from the depot let there be this lingering picture left as the last thing in their memory, how the people of their own town and community gathered and bade them God-speed; and may the songs of patriotism and of Zion fall upon their ears to nerve them to the conflict, and to encourage them in a life of fidelity and bravery, honor and sobriety. This is as little, I think, as we can do.

Will we all do it? Let us show our appreciation to our young men in this hour when something of this kind is due them; and I trust it will not be necessary to say more in order to get our people to thus rally to them.

Chas. H. Ireland.

ATTEMPTED SUICIDE.

J. J. Otterbourg, of this City, Hung Himself to a Bed Post.

Yesterday evening at his home on McCulloch street J. J. Otterbourg, the upholsterer, attempted, and very nearly succeeded, in taking his own life. In the afternoon he went into his room and it was thought he was taking a nap. About six o'clock his little daughter went to call him and on opening the door found him suspended with a small rope around his neck which was fastened to the top of an old fashioned high bedstead. Mr. Otterbourg's feet were on the floor and he was leaning over in order that the rope might tighten on his neck.

The alarm was given and he was quickly taken down. Dr. Stamey was called and administered to the unfortunate man. He was choked until his face was black, and a few minutes more would have finished him. He is yet unconscious and in a most critical condition.

The only reason assigned for the rash act was that Mr. Otterbourg's son has volunteered to go to the war.

Telegram's Sunday Bulletins.

Owing to the probability of an engagement between the Asiatic squadron and Spain's fleet off Manila yesterday the Telegram decided to receive and post bulletins in regard to the battle. This the Telegram did and the appreciation by the people of Greensboro of its willingness to supply its friends with the latest and most reliable news in regard to the war, was evidenced by the interest they took in the bulletins and the kind words they spoke of the enterprise of the Telegram. A large crowd was collected about the bulletins all the afternoon and up to a late hour last night.

DISCUSS MANILA DEFEAT

Spanish Cabinet Determined to Continue the Struggle

MANILA BOMBARDED TODAY

Believed She Will Surrender in Twenty-Four Hours And That Dewey Will Land.

By Cable to THE TELEGRAM.

Madrid, May 2—The organ of the Spanish Premier this morning admits defeat. A lack of Governmental foresight is greatly deplored. A sensational debate is expected in chamber tomorrow.

A later dispatch from Admiral Montigo says: The warship Reina Christina caught fire in her fore part at seven o'clock this morning, causing an explosion which ruined the flagship. The other ships retired to Bacoor Creek where several of them were run ashore to prevent capture. The Admiral says that Spanish losses are extremely heavy.

WILL LAND TODAY.

Hong Kong, May 2—The American fleet is now bombarding the forts at Manila and it is expected that Commander Dewey will land his forces in the Philippine capital today.

WILL JOIN DEWEY.

Singapore, May 2—Upon the arrival in Hong Kong of General Aquinaldo, the insurgent leader of the Philippines, he will probably be transferred to the American dispatch boat and will join Commander Dewey at Manila. After the capture of the islands independence affairs are to be controlled under European and American advisors.

UNSETTLED CONDITION.

London, May 2—The foreign exchanges are in a greatly unsettled condition owing to the fall in Spanish securities.

MINISTERS ADMIT DEFEAT.

London, May 2—A dispatch to the Daily News this morning says it is believed that Manila will surrender within twenty-four hours. It confirms the complete destruction of the Spanish fleet and also the escape of the American warships from serious damage. The dispatch further states that the ministers at Madrid admit that the Spanish fleet was defeated. British ambassadors in the east have orders to report developments to the foreign office here.

TO CONTINUE THE STRUGGLE.

Madrid, May 2—The Spanish cabinet met this morning and for four hours discussed the defeat at Manila. It is announced that the cabinet is determined to continue the struggle and uphold the national honor. A dispatch from Hong Kong says that the Spanish sailors refused to leave the sinking ships.

FOUGHT TWO HOURS.

London, May 2—The British governor of Strait Settlement cabled the Colonial Office that the United States fleet completely annihilated the Spanish fleet after an engagement of two hours.

SPANISH CABLE CUT.

London, May 2—It is believed this afternoon that the Spanish cable at Manila has been cut.

INSURGENTS ATTACK MANILA.

Manila, May 2—The insurgents are fiercely attacking the city from the rear and capitulation is momentarily expected.

Trinity 9; U. N. C. 4.

Correspondence Telegram.

Durham, May 2—Six hundred persons witnessed the game here Saturday between Trinity and the University of North Carolina. It was the second game of the series for the championship of the state. Trinity simply outplayed the University and only in the fourth inning did it look like the University had any chance of winning. It was the prettiest and one of the cleanest games ever played here. The feature of the game for the University was the pitching of Lawson. For Trinity the pitching of Chambers and catching of Howland, playing of Johnston at second and Card in center were the features.

The tie will probably be played off in Greensboro next Saturday.

The following is the score by innings:
Trinity.....1 0 1 0 4 3 0 0—9
U. N. C.....0 0 2 0 0 0 0 2—4

Rev. T. A. Smoot, who preached here several months during Rev. S. H. Hilliard's illness preached here yesterday morning to a large congregation. Many of his friends came up from Trinity to hear him.

Cubans Enroute to Tampa.

The train from Raleigh yesterday evening brought eighty-five Cubans from New York, who are on their way to their native country. Most of them had to leave Cuba because of the oppression of Spain and now they are going back to fight for the freedom of their little Isle. They are bound for Tampa and expect to leave there and arrive in Cuba on Friday. Their complexions varied from black to yellow and their linen from black to white.

Each one had a Cuban and American flag on his coat. They had swords, pistols, dirks and knives on their persons and presented a very warlike appearance.

They took supper at Clegg's hotel. They gave loud cheers for "Cuba Libre" and McKinley, which were answered by the fifteen hundred persons at the depot to see them pass through. They were in charge of Colonel Alfonso and Captain Zolongo. One fellow was left behind here. He may consider himself fortunate that his lot is cast in Greensboro.

Meeting at Baptist Church.

Three delightful services were held at the Baptist church yesterday. At the morning service the subject was "Following Christ." One isn't often permitted to hear a sermon of such rare power and sweetness. At 4 p. m. consecration service was held. Entire consecration is the duty of every Christian was argued. At the conclusion of this delightful service scores of Christians came forward expressing a desire for more entire consecration.

At night the house was packed. "The True Refuge" was the subject. The breathless attention from the first word to the last, showed the telling effect of the sermon. Such preaching as Mr. Needham is doing, must result in the strengthening of God's people and in awakening in the hearts of the unsaved, longing for better things. Services will be conducted through this week.

The Colorado Sinks a Pilot Boat.

Charleston, S. C., May 1—A special to the News and Courier, from Beaufort, says: As the Mallory line steamer Colorado was leaving her berth at Port Royal, for New York, this morning, the pilot boat Sprite, which was at anchor off Battery Creek with jib up, was struck on the port side abaft the main rigging and sunk. Pilots Stevens and Antoine Seabaldgari and crew of four were aboard and were saved. The Colorado stopped and shoved the pilot boat ashore. The Sprite was valued at \$3,000.

Wants to be a Duellist.

Raleigh, April 29—The challenge of General Lee and Captain Sigbee by Lieutenant Carranza, of the Spanish navy, has aroused a North Carolinian. W. D. Ballard, of Asheville, formerly on the police force there, has written General Lee, requesting that in case the general does not care to meet the Spaniard on the field of honor, that he be allowed to take the general's place.

Board of Aldermen.

The Board of Aldermen met Saturday in the Mayor's office. The board did not transact any business of importance and soon adjourned to meet Friday night May 13th.

FIRST TERRIFIC BATTLE.

Victory Perched on Union Flag at The Philippines.

SPANISH FLEET ANNIHILATED.

Admiral Dewey's Fleet Successfully Met The Guns of Two Forts and The Spanish Fleet.

By Cable to THE TELEGRAM.

London, May 2—The details of the battle off Manila have been received at the British-Colonial office. The substance of which given out today is as follows:

PORT OPENS FIRE.

The United States fleet entered the harbor of Manila at daybreak. The vessels of the fleet stationed themselves opposite the city and a fort opened fire on the American ships. Seeing this outburst Admiral Dewey shifted the position of his fleet to one near Cavilo, on the Manila bay, and engaged in a fierce fight against both forts and the Spanish fleet.

The dispatch adds that the American vessels withdrew to their magazine vessel situated in the centre of the roadstead for the purpose of coaling.

DEWEY DEMANDS SURRENDER.

One American vessel, whose name is not mentioned, is said to have been disabled. This statement has not been fully verified.

Admiral Dewey requested British Consul Rawson Walker to convey a message to the Spanish Governor General demanding the surrender of all torpedoes and guns, the possession of the cable office.

MUST COMPLY OR BE BOMBARDED.

In his note, Admiral Dewey says the Governor-General must comply with all the terms of the surrender or he will proceed at once to bombard the city. The cable message ends with the statement that Spanish officials were conferring with the British Consul and the telegraph company's agent and pending the arrival of a decision the cables were not permitted to handle messages.

REFUSES TO SURRENDER.

A second cablegram received at the Colonial offices announces that the Spanish Governor-General has flatly refused to surrender either torpedoes or guns and that he will not give up to the Americans the cable offices. The dispatch further says that he prevented the agent of the telegraph company from conferring with Dewey.

SPANIARDS CUT CABLE.

The message ended with the statement that British Governor of the straits settlement expects the bombardment of Manila to begin Monday morning. At this point of the message the Spaniards cut the cable.

CUBANS ENLISTING.

Key West, May 2—Two hundred and ninety Cubans have enlisted for the invasion of Cuba.

The government press censor will permit no information to pass regarding the reported plan to land some sailors tomorrow to take the fortifications and be prepared for the reception of the invading forces, marines and regulars.

"TRAMP, TRAMP, TRAMP,"

The Boys Are Marching—Military Companies Moving.

The early morning train brought over the Reidsville Infantry on their way to Raleigh to go into camp there. The noon train from Winston brought down the Forsyth Riflemen 87 strong commanded by Capt. Besant. Determination was plainly written in the face of every man of them. They have not started out for fun. Bill Chick, of the Winstons doesn't know how to beat a retreat. All hail to these brave boys!

Before the company started from Winston, R. J. Reynolds, the well known tobacco man, presented the captain with \$500.00 in gold coin. The Hornets Nest Riflemen and Queeq City Guards, of Charlotte came in on a special train following No. 36, and all the companies left on a special for Raleigh, where they go into camp. Greensboro's new company will leave tomorrow.

NUTMEG PATRIOTISM.

If the article which appears in another column is true, that the four major-generals of volunteers agreed upon, those who, by virtue of their appointment are to rank all others, are all to be taken from the north; and that Gen. Lee is to be put in command of the troops kept at home instead of being sent back in command of the army invading Cuba, then we are not only disappointed, but feel that, under all circumstances, both Gen. Lee and the south are treated outrageously by the administration.—Raleigh Post.

What would you have? Did not Gen. Grosvenor make the declaration on the floor of the house that "this war will be fought under the republican flag if it is fought at all?" Is not Gen. Grosvenor the mouthpiece of the administration? Has the south ever received any treatment from the republican party that was not outrageous? The republican party has always been sectional and always will be. The Billy Garrisons, the wooden nutmeg-manufacturing descendants of Sherman's spoon-stealing warriors are still mighty in republican councils. Republican policies bear their indelible impress. It is as impossible for the republican party to be national in its instincts and purposes as it is for the Garrisons to be anything other than cowardly slanderers. The ovation accorded to Fitzhugh Lee was gall and wormwood to every cringing puppet of the Hon. Thos. B. Reed and every upstart dependent of Marcus A. Hanna. Gen. Grosvenor attempted to explain away his accidental and unintentional utterance of the truth. Even a war involving the honor of the country and the lives of thousands of its soldiers is to a republican administration only an opportunity of rewarding hungry henchmen and of pandering to that despicable sectionalism that has always been its stock in trade. The leopard has not changed his spots, nor the Ethiopian his skin. The portly and respectable Dr. Jekyll will still perforce be Mr. Hyde.

The Caucasian has heard that information has been conveyed to certain democrats to the effect that the Southern railroad would contribute liberally to the Democratic campaign fund, if the Ransom machine and the Cleveland democrats were allowed to predominate on the committee and control the management of the party.—The Caucasian.

Undoubtedly the Caucasian is well fixed so far as the requisites for hearing are concerned. All the same everybody will see at a glance the above is made to order out of the whole cloth. If there is any democrat who would not "rather be a dog and bay the moon" than to accept as a "leader" a man who can descend to such contemptible demagoguery, kick him out of the party.

Why in the name of common sense and military service should Joe Wheeler be given a higher rank than Fitzhugh Lee?—Atlanta Journal.

What has common sense or military service to do with it?

Gen. Blanco in his report of the bombardment of Matanzas said that his half brother was killed.

The treatment accorded to the Hon. Hallelujah Ayer by the Wake county populist convention indicates that with the rank and file of the patriots the brilliant accomplishments of a literary critic are less weighty than some have supposed.

The democratic party has been for the past four years composed of an organized set of grand liars and scoundrels.—Hallelujah Ayer.

Mr. Ayer's desire to fuse with democrats shows that birds of a feather are still inclined to flock together.

What need has the tide-water section of coast defenses? The ferocious appetite of the predominant element in that tier of counties may be safely trusted to take care of even an iron-clad.

We have been told that there is a "decent" element of the populists.—Raleigh Post.

Alas, for the soft credulity of our contemporary!

Enlistment of Cuban Forces.

Key West, April 30—The Cubans here are highly excited over the following telegram received from T. Estrada Palma, of the New York Junta: "Assemble and send to Tampa immediately all young, unmarried, healthy Cubans disposed to go to Cuba; also all officers of our army. Delegation will not sustain families of enlisted." Tampa is made the general rendezvous of the Cuban forces. Enlistment begins here tomorrow.

Repairing Temarrario.

Buenos Ayres, via Galveston, May 1.—The Spanish gun-boat Temarrario, is at Ensada, on the La Plata, undergoing repairs to a portion of her machinery, but it is expected she will leave within a week.

Miantonomah Sails for Key West.

Charleston, S. C., May 1—The monitor Miantonomah sailed at noon today for Key West. While here the monitor took on a full supply of coal and fresh water, and also had some slight repairs made to her machinery. She went out with everything apparently in good condition and headed south.

Passed a Wreck.

New York, May 1—The steamer Algiers, from New Orleans, April 24, reports, eight miles southeast of Rebecca Shoal Light, at 6 p. m., passed the wreck of a square rigged vessel, with one mast and wind mill standing. One side of the wreck was standing above the water.

HAMLET.

James Young impersonates the Prince of Denmark.

Mr. James Young closed his three-nights' engagement at the opera house last night. His reputation as an actor, coupled with the fact that he was to appear as Hamlet, filled the house.

The audience which greeted him was a flattering one in every sense of the word. Lovers of good drama and students of Shakespeare filled the seats, and closely did they follow the young Prince of Denmark through all the varying scenes of his tragic career. Only a talented, ambitious actor, such as Mr. Young, would essay the role of the Prince of Denmark. He has made it his chief study, and presents it in a way to at once mark him as a close student of Shakespeare, a thinker, and an artist of comprehensiveness and conscientious effort. His best work was in the scene, between him and his mother. He was called before the curtain three times after the scene. In this act his work was particularly clever. He was generously applauded in his best lines and passages.

He was disappointing in the soliloquy, but made up for it in other parts as difficult to interpret and act.

Mr. W. A. Bokee, in the double role of "Polonius" and the first gravedigger was beyond criticism. His acting was easy and natural, and could not have been improved upon.—Charlotte Observer.

Mr. Young appears here at the Academy of Music tomorrow night in David Garrick, and every seat in the house should be taken. Get your seats reserved in advance at Gardner's drug store. Prices 50 and 75 cents; children 25 cents.

To see Hamlet at the Wednesday 3 o'clock matinee, 50 cents to any part of the house; little children 25 cents.

Spain's War Fund.

Madrid, April 30—The greatest efforts are being made here and throughout the country to increase the national war fund. It is proposed, for instance, to have tables ornamented with the national colors at all the Madrid churches throughout the month of May. These tables will be attended by society ladies, whose names and the amounts they collect for the fund will be published in the newspapers.

Mr McBride Holt says:

Graham, N. C., July 16, 1897.

Oneida Cotton Mills:

About two and a half years ago my
little boy about 4 years, and my little
girl about two years, each had an en-
largement of the glands about the
neck. The trouble appearing on each
about the same time, I was inclined to
think it mumps, but soon observing
to the contrary, I called in the doctor,
who said the trouble came from colds,
prescribing accordingly, yet swelling
continued to grow until each had to
hold for the lance, the little boy hav-
ing been lanced in three places and at
three times, his face at times looking
alarming. The nature of the trouble
was termed one thing by one and an-
other thing by another. This, how-
ever, did not concern me, as I was
looking for a cure, and Mrs. Joe Per-
son's Remedy having been called to
my attention so often and so favor-
ably, I dropped the treatment from
the doctor and commenced to use Mrs.
Joe Person's Remedy. To say that the
results obtained have been satis-
factory is putting it in mild terms, the
children, and especially the little boy
being entirely well, yet wearing the
scars that will ever keep fresh in my
memory the merits of Mrs. Joe Per-
son's Remedy. Respt.

SURRENDERED TOO LATE.

No Nonsense Will be Tolerated on
Part of Stay-at-Homes.

No nonsense will be tolerated by the
state adjutant general, either in con-
nection with the volunteer regiments or
with those which remain at home.

The entire militia of the state has
now about realized that as independ-
ent companies they will not share in
the honors of war. When first called
upon to prepare for a call to arms and
get their companies up to the requisite
number and prepare for field service,
some of them began to haggle as to
where and whom they were to serve,
and many of them declined to volun-
teer. It is now doubtful if any of
them will be called into service, though
some of them have changed their
minds and are anxious to come.

It is hinted very strongly here that
at no distant day all the "stay-at-
home" companies will receive a tele-
graphic order to box their arms, ac-
countments and uniforms and send
them here to equip men who would not
stand on the order of their going, but
go at once when their country called.

Guilford Downs Oak Ridge.

The second game between Guilford
and Oak Ridge was played Saturday
on the grounds of the latter team. The
Oak Ridge team was again beaten and
this time by a score of 26 to 13. The
game was exciting at the beginning
but the steady and regular hitting by
the Guilford players soon became mo-
notonous to the Oak Ridge rooters.
The features of the game were the hard
hitting of the Guilford team and the
excellent pitching of Petty.

The score by inning is as follows:
Guilford.....3 0 1 5 4 0 4 9 0—26
Oak Ridge.....0 1 2 1 0 0 0 3 6—13

Base hits—Guilford 22, O. R. 15.

Errors, Guilford 6, O. R. 9.

Struck out by Bennett 2, Barker 1;

ris. O. R. I., Bennett, Barker, Ma-
lone and Brake.

Negroes Rebel.

Monroe, April 30—There was a big
mass-meeting of negroes here today
from all over the county for the pur-
pose of appointing delegates to the var-
ious conventions, and at the same
time to choke off the regular organi-
zation, which has been in control of
the whites. They passed resolutions
telling what they will do if their dele-
gates are not recognized. They wound
up with a big whoop of endorsement
of Russell, McKimley and the war. It
is due them to say that the most intel-
ligent negroes of the county were the
leaders of the convention.—Corres-
pondence of the Charlotte Observer.

DEVOURS LIKE FIRE.

THE WONDERFUL EFFECTS PRODUCED
BY FLUORINE.

The Diamond Only Able to Absolutely Re-
sist This Powerful Solvent—Researches
Into the Nature of a Hitherto Poorly
Known Chemical Element.

The alchemists of the middle ages be-
lieved that somewhere in the universe
was to be found a universal solvent
which would dissolve the most refrac-
tory substances as readily as water dis-
solves sugar. They named their solvent
liquor alkali, and what time they
could spare from the search after the
elixir of life and the philosopher's
stone was spent in the endeavor to ob-
tain it. Science has yet to prove, by the
way, that there was not more method
in the madness of the alchemists than
is generally supposed, for in the re-
markable substance fluorine chemists
possess material that approximates very
closely to a universal solvent. Its chem-
ical energy is so fierce that, except gold
and platinum, nothing can resist it, and
even gold and platinum succumb to
fluorine in time. The mere contact of
most substances with fluorine is suffi-
cient to cause not mere solution, but
light, flame and fierce detonations.
Dull, inert flint takes fire when exposed
to fluorine vapor and becomes a bril-
liant incandescent mass. Lampblack
bursts into flame, while charcoal burns
with bright scintillations. Only the
diamond is able to resist this powerful
solvent, to which it does not succumb
even at high temperature. The similar
element silicon, which can be obtained
in a crystalline form closely resembling
the diamond, gives a magnificent dis-
play in the presence of fluorine, the
crystals becoming white hot and throw-
ing showers of fiery spangles in all di-
rections. The heat is so intense that the
crystals melt, showing that their tem-
perature has reached 1,300 degrees C.

Phosphorus combines fiercely with
fluorine. Prussian blue, on account of
the cyanogen it contains, burns with a
beautiful pink flame; while from a
crystal of iodine placed in fluorine vapor
a heavy liquid distills with a pale flame.
This liquid—an iodide of fluorine—
etches glass, and if thrown into water
hisses like hot iron. The last named
metal becomes white hot when exposed
to fluorine; even iron rust behaves in a
similar manner. Nearly all metals are
raised to vivid incandescence in a cur-
rent of the gas, many appearing very
beautiful, especially aluminum and
zinc. If the latter be slightly warmed,
it bursts into a white flame too dazzling
to gaze at or describe.

Although it has been known in vari-
ous states of combination for many
years, having been first discovered by
Schwanckhardt of Nuremberg, in 1670,
and rediscovered by Scheele in 1771,
fluorine was not obtained as fluorine in
the free state until about six years ago,
when the French chemist Moissan suc-
ceeded in isolating it by employing a
current of electricity from 26 or 28
Bunsen batteries. The current was pass-
ed through the compound of fluorine
and hydrogen known as hydrofluoric
acid, which is similar to hydrochloric
acid. To improve the conductivity of
the hydrofluoric acid it was necessary
to dissolve another fluorine compound
in the liquid. As will readily be imag-
ined, it is not so difficult to obtain free
fluorine as to keep it when obtained.
Every part of the apparatus used by M.
Moissan was made of platinum, with
screw joints and washers of lead, which
swell on contact with fluorine, all the
stoppers being of fluorspar. Fluorine
has a powerful affinity for silicon, one
of the principal constituents of glass, so
that it was impossible to use glass ves-
sels or tubes to contain the gas.

As regards the chemical nature of
fluorine, it is a gas at ordinary tempera-
ture and is the lightest member of the
series of elements containing chlorine,
bromine and iodine. The attraction of
fluorine for hydrogen exceeds that of
chlorine and is so great that if a slow
current of fluorine gas be passed into a
tube of fluorspar containing a drop of
water a dark fog is produced, which
changes presently to a blue vapor con-
sisting of ozone—the condensed form of
oxygen. The last named substance ap-
pears to be one of the few materials
which has no affinity for fluorine. Noth-
ing is observed to take place between
them even when they are heated up to
1,000 degrees F.

So far all experiments had been con-
ducted with fluorine gas, which, at the
time it was isolated, resisted all at-
tempts to reduce it to the liquid state.
Six years ago, however, there was no
laboratory—such as that at the Royal
institution—having powerful machinery
for producing liquid air or liquid oxy-
gen at the command of the investigator.
In fact, liquid air itself was practically
unknown. By the aid of this weapon
Professors Dewar and Moissan have suc-
ceeded in liquefying fluorine. At the
extremely low temperature of liquid
oxygen it was found that fluorine did
not attack glass, and it was possible to
use glass vessels to hold the newly liq-
uefied element.—C. F. Townsend in
Knowledge.

A Tough Route.

"Somewhere in the south," says Con-
gressman Sulloway, "a bright colored
boy appeared before the civil service
commission to be examined for the po-
sition of letter carrier. 'How far is it
from the earth to the moon?' was the
first question asked by those who were
to determine the young man's fitness
for the place he sought. 'How far am
it from the earth to the moon?' echoed the
applicant. 'My Lawd, boss, if you's
gwine to put me on dat route I don't
want de job.' With that the young man
grabbed his hat and left as though he
were chased."

In the Japanese match factories the
boxes and labels are made by little
girls, who are wondrously dexterous in
the work. These little experts get from
1 to 5 cents for 12 hours' work.

BRIEF LOCAL MATTERS.

Henry Thomas, of Mt. Airy, is in
the city today.

John T. Pannill, of Reidsville, is in
the city today.

See Hudson's new advertisement in
this paper today.

Clan Evans, of Spencer, was in the
city this morning.

Owen Page, of Fayetteville, was in
the city yesterday.

Capt. A. E. Walters, of Reidsville,
is in the city today.

Jack Hayden, of Spencer, spent
Sunday here with his family.

Sample Brown Mercantile company
have a new ad in the paper today.

Geo. Jennings spent Sunday at his
home in Reidsville and returned this
morning.

Dr. T. N. Ivey returned this morn-
ing from Pelham where he preached
yesterday.

Dr. and Mrs. Rondthaler, of Salem,
were here today and left on the noon
train for home.

Misses Bleeker and Brown, who
have been visiting Mrs. Thos. Settle,
returned to their homes in Philadel-
phia today.

We are glad to learn that Miss Eva
Bowles who has been very sick at her
home on Ashe street, is very much
better today.

The meeting of white men tonight at
8 o'clock for the organization of the
home guards will be held at Bogart's
Hall instead of court house.

An excursion will be run from Win-
ston to this city tomorrow. A large
number of visitors from that city are
expected to witness the Jr. O. U. A. M.
flag raising in this city.

Tomorrow will be a gala day in
Greensboro, the occasion being the
flag raising on our graded school
buildings by the Junior Order of
United American Mechanics.

J. C. Buxton, R. J. Reynolds, J.
W. Hanes, A. H. Eller, Duke Hay,
W. H. Barham and other prominent
Winstonians, accompanied the For-
syth Riflemen as far as this city today.

Twenty-five Lutheran preachers
passed through this morning from
Burlington where they have been at-
tending the North Carolina Synod of
that church. All left on the south-
bound vestibule which arrived at 8:35.

Dr. and Mrs. J. H. Weaver left this
morning for Washington where they
will spend a few days before going to
Baltimore to attend the general con-
ference of the M. E. Church, South.
Dr. Weaver is a delegate from the
Western North Carolina Conference.

The people on Elm street were sur-
prised Saturday afternoon to see a
house slowly moving up the street on
a wagon. Numerous conjectures were
made as to what it meant and what
use the house would be put to. Wait
until tomorrow and you will see it in
the procession.

Presiding Elder Carraway preached
at Centenary yesterday morning and
administered the sacrament. At night
he preached at West Market street
church to a large congregation. Dr.
Carraway is a strong and forceful
speaker and Greensboro people are al-
ways glad of an opportunity to hear
him.

Home Guard.

A home guard to be known as the
Guilford Grays, will be organized to-
night at 8 o'clock in Bogart's Hall.
The court house bell will be rung for
this purpose. This is a reorganiza-
tion of the regular Guilford Grays, as
the company which leaves here tomor-
row will be mustered into a regiment
and will no longer be known by that
name.

The old members of the Grays who
have not volunteered are especially
requested to be present. Those who
present their names tonight will be
known as regular members while those
who give their names later will be con-
sidered volunteers. Officers of the
company will be elected tonight. The
company will be so organized that
they can be called out if their services
are needed. About 100 have signified
their willingness to join. No trouble
in securing the desired number anti-
cipated.

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tab-
lets. All druggists refund the money

The True Remedy.

W. M. Repine, editor Tishkwa, Ill.,
"Chief," says: "We won't keep house
without Dr. King's New Discovery for
Consumption, coughs and colds. Ex-
perimented with many others, but never
got the true remedy until we used
Dr. King's New Discovery. No other
remedy can take its place in our home
as in it we have a certain and sure
cure for coughs, colds, whooping
cough, etc." It is idle to experiment
with other remedies, even if they are
urged on you as just as good as Dr.
King's New Discovery. They are not
as good, because this remedy has a
second of cures and besides is guaran-
teed. It never fails to satisfy. Trial
bottles free at C. E. Holton's drug
store.

Guilford Grays Ready.

The Guilford Grays have been re-
cruited to the number of one hundred
and five. It is a significant fact, and
one worthy of commendation, that
while everything was peaceful it was
impossible to maintain a company
here but when a call for volunteers
was made old Guilford promptly re-
sponded and even furnished more men
than the call asked for.

Drs. Turner and Michaux spent all
the morning in examining the recruits
and nearly all of them passed the re-
quired examination.

The men have been ordered to re-
port at the recruiting office tomorrow
morning at 9 o'clock and the company
will leave on the 12:10 train for Ral-
eigh. The men will carry with them
light and heavy weight suits, shoes,
hats, and other necessary clothing.
Blankets and sleeping quarters will be
furnished at the camp.

Prayer was offered in the different
churches in the city yesterday for the
members of the company.

The following names have been ad-
ded to the list of volunteers published
in Saturday's Telegram:

C. W. Rodgers, Greensboro.
J. W. Marsh, Ore Hill.
Joe Jackson, High Point.
W. H. Gregson, Climax.
